

RESULTS

Mr Pelton delivers a rare commodity: he fulfills his promises! Our firm retained Erik Pelton's practice for the submission of a product trademark. He followed up each step of the way and guided us to a successful award of a Registered Trademark within a very short period of time. We plan to use Erik for all of our dealings with the USPTO. I am happy to recommend him without hesitation!

I was more than satisfied with Erik Pelton's work in obtaining the trademark [Prediction Dynamics](#)®. He was very responsive, effective, prompt, and great to work with. Later, when a foreign company applied to the USPTO for the same mark, he suggested and mounted a vigorous opposition. The other party dug in, but Erik was undeterred and pushed ahead until the other party's lawyer literally said "You've made us cry uncle," and they withdrew their application.

*Erik handled our immediate need for saving a trademark that had expired. He promptly attacked the problem and we are proud to once again own full trademark rights to [Jurisdictionary](#)®!
We will use Erik again for all our trademark needs.*

VALUE

A Portland, Oregon trademark attorney wanted \$10,000 to proceed with registering RUNABOUT and gave us a 50-50 chance of getting it approved. Erik Pelton was able to register RUNABOUT® for under \$1,000. We just sold the rights to RUNABOUT® and ROCK & ROLL® to the world's largest daycare stroller company!

Erik is the third trademark attorney that I've used. The second person had dropped the ball a few times and cost me quite a bit of time and money. Erik listened to my problems, looked up the marks in question, and recommended a course of action. Erik demonstrated the most in-depth knowledge that I have seen, and a willingness to really help his customers. Since then we have used Erik's firm for several marks. He is organized, delivers on everything that he promises, and politely reminds me when he's waiting on me. It is a great relationship with great results. Best of all, this comes at a price that is competitive with or better than the attorneys that I've used in the past. You probably won't find a better trademark attorney than Erik Pelton.

Probably the most enjoyable experience ever with a lawyer, and I mean it! Fast, great work and a pleasure to deal with.

Efficient, honest, cost effective and to the point. I consider one of Erik's major assets is that he used to work in the trademark office. With that experience, Mr. Pelton can truly understand what is required to create or protect a trademark. This recommendation is by choice, not by request. One good turn deserves another.

I appreciate how EMP&A works with me and for me, taking the time to explain each step and in ways that I can understand. I also feel strongly about the one-one-one personal relationship provided.
